

Engineer's Certification
Amendments to Vehicles and Traffic Ordinance
Manunkachunk Road, Town of Belvidere, Warren County, NJ

I hereby certify that I conducted an investigation of the Town of Belvidere's request to amend the speed limits on Manunkachunk Road via an amendment to Chapter 485 of the Code of the Town of Belvidere.

Based upon my investigation, I find that the ordinance and the associated signage installations that will be required as a result of the Manunkachunk Road speed limit changes are in the interest of health, safety and welfare for the following reasons:

1. The speed limit reductions are more considerate of frequent pedestrian movements on Manunkachunk Road between developed areas in the Town and the Town's pool complex.
2. Vehicular travel speeds will be lowered at the approach to the Market Street intersection where there is a stop sign and vehicles are stopped to wait for a gap to make a turn.

Please be advised that speed limit signage installed on Manunkachunk Road as a result of the amendments to Chapter 485 of the Code of the Town of Belvidere shall conform to the current standards prescribed by the Manual on Uniform Traffic Control Devices (MUTCD) and are thus approved by me as the municipal engineer for the Town of Belvidere.
